Solicitation #: RFP P23007

Addendum Title: ADDN 2: DEADLINE EXTENSION REMINDER

Date and Time Issued: 07/11/2022 09:44 AM PDT

Good Afternoon,

QUESTION:

We received the RFP NO. P23007 for Banking Services this week through Intelresearch. It mentions on the RFP it was issued in June and there were some dates for question and answers that we missed.

I wanted to find out if it was possible for the RFP deadline to be extended? We would like to respond to the RFP but it will be a really tight timeframe to get everything completed and done before 7/20. Let me know if that would be a possibility.

Can you confirm the RFP was issued back in June or was it issued this last week? I want to make sure in the future we don't miss out on any solicitations.

ANSWER: Please be advised that the Banking Services solicitation was issued June 20, 2022 and due on July 20, 2022, 10AM.

However, the Q & A Deadline cannot be extended, but the Bid submittal due date can be extended until Wednesday, July 27, 2022, 10AM to allow you the time you need to get your proposal in.

Also be advised that this is a two part proposal submission process:

1. 3 sealed copies of the RFP, one marked original and the other 2 marked copies.
2. Input your pricing at ha.economicengine.com, both by the deadline date and time.

Late submissions will not be accepted.

Thank you!
